

Pump Up The Heart –Contemporary Management of Cardiogenic Shock

Authors:

Ben (Bow) Chung, MD

*Clinical Associate, Section of Cardiology
University of Chicago*

and

Sajni Patel, PharmD, BCCP

*Clinical Pharmacist Specialist, Cardiology
The University of Chicago Medicine*

Disclosure(s): Drs. Chung and Patel and the reviewers who contributed to this activity have no relevant financial relationships of interest to disclose.

Purpose: To educate critical care providers on the pharmacologic and non-pharmacologic modalities for managing cardiogenic shock.

Learning Objectives:

Upon completion of this activity, participants should be able to:

- Describe the pathophysiology of CS
- Summarize the current evidence for non-pharmacologic therapy for the management of CS
- Explain how to select a pharmacologic regimen depending on patient specific factors for the treatment of CS

Target Audience: Physicians

Type of Activity: Knowledge

Fee: \$10 (or \$70 for all 10 courses). For C4

2022 participants who registered for the live program, please use the access code provided to you by email.

Release and Most Recent Review Date: September 30, 2022

Expiration Date: August 27, 2023

Estimated time to complete activity: 1.0 hour CME (1.0 AMA PRA Category 1 Credit)

Location: Please visit <https://medicinece.uic.edu/> to participate in this activity.

Continuing Medical Education Statement:

The University of Illinois College of Medicine at Chicago is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Illinois College of Medicine at Chicago designates this Enduring Material CME activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

How to Earn Credit:

Participants must complete the activity as described above in the Continuing Medical Education Statement by viewing the entire presentation video and completing a post-test and an activity evaluation. A certificate of completion will be issued after all requirements as described are completed.
