

CCB, HIE, ILE, NO, MDOAC, WBI: Making Sense of the Alphabet Soup of Calcium Channel Blocker and Beta Blocker Overdoses

Author:

Frank P Paloucek, BS, PharmD, FASHP, FAACT
Clinical Professor Emeritus
University of Illinois at Chicago College of Pharmacy

Disclosure(s): Dr. Paloucek has no relevant financial conflicts of interest in relation to this activity. The reviewers who contributed to this activity have nothing to disclose.

Purpose: To educate critical care providers on the evidence for the use of conventional therapies in often unconventional ways in the treatment of unknown cardiovascular agent poisoning patients.

Learning Objectives:

Upon completion of this activity, participants should be able to:

- Discuss current guidelines and poison center protocols for the recognition and treatment of calcium channel blocker (CCB) and beta-blocker (BB) overdoses
- Discuss differences in the use of insulin, vasopressors, intralipid fat emulsions and methylene blue between normal therapeutic indications and CCB or BB overdoses
- Outline factors not commonly considered in the treatment of an individualized patient at initiation and in response to therapeutic interventions

Target Audience: Nurses

Type of Activity: Knowledge

Fee: \$10 (or \$70 for all 10 courses). For C4

2022 participants who registered for the live program, please use the access code provided to you by email.

Release and Most Recent Review Date: February 13, 2023

Expiration Date: September 19, 2024

Estimated time to complete activity: 1.0 contact hour CNE

Location: Please visit <https://medicinece.uic.edu/> to participate in this activity.

Continuing Nursing Education Statement:

UI Health is approved as a provider of nursing continuing professional development by the Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. (OBN-001-91).

In regard to successful completion and contact hours being awarded: 1.0 Continuing Nursing Education contact hours will be awarded to participants who complete the activity.

How to Earn Credit:

Participants must complete the activity as described above in the Continuing Nursing Education Statement by viewing the entire presentation video, successfully completing the post-test (score of 80% or higher), and completing an activity evaluation. A certificate of completion will be issued after all requirements as described are completed.

Hardware/Software and Internet Requirements can be found at <https://medicinece.uic.edu/>
