

Pump Up The Heart –Contemporary Management of Cardiogenic Shock

Authors:

Ben (Bow) Chung, MD

*Clinical Associate, Section of Cardiology
University of Chicago*

and

Sajni Patel, PharmD, BCCP

*Clinical Pharmacist Specialist, Cardiology
The University of Chicago Medicine*

Disclosure(s): Drs. Chung and Patel and the reviewers who contributed to this activity have no relevant financial relationships of interest to disclose.

Purpose: To educate critical care providers on the pharmacologic and non-pharmacologic modalities for managing cardiogenic shock.

Learning Objectives:

Upon completion of this activity, participants should be able to:

- Describe the pathophysiology of CS
- Summarize the current evidence for non-pharmacologic therapy for the management of CS
- Explain how to select a pharmacologic regimen depending on patient specific factors for the treatment of CS

Target Audience: Nurses

Type of Activity: Knowledge

Fee: \$10 (or \$70 for all 10 courses). For C4

2022 participants who registered for the live program, please use the access code provided to you by email.

Release and Most Recent Review Date: September 30, 2022

Expiration Date: September 19, 2024
