

Updates in Metabolic Dysfunction-Associated Liver Disease

Author/Reviewers:
Christie Denton, PharmD, BCPS—Author
Clinical Assistant Professor
Drug Information Group
Department of Pharmacy Practice
UIC Retzky College of Pharmacy

Deborah Albright, MD—Reviewer
Clinical Assistant Professor
University of Illinois Chicago

Disclosure(s): Drs. Denton and Albright, the planning committee members, and reviewers who contributed to this activity have no relevant financial conflicts of interest to disclose.

Purpose: To update clinicians on the management of metabolic dysfunction-associated steatotic liver disease (MASLD) and metabolic-associated steatohepatitis (MASH).

Learning Objectives:

Upon completion of this activity, participants should be able to:

- Describe recent changes in liver disease nomenclature.
- Outline diagnostic criteria for the various subtypes of steatotic liver disease.
- Formulate an individualized treatment plan for an adult patient diagnosed with steatotic liver disease.
- Discuss the role of noninvasive testing for the detection of high-risk patients

Target Audience: Physicians, Physician Assistants, and Nurse Practitioners

Type of Activity: Knowledge

Fee: Free

Release and Most Recent Review Date: April 4, 2025

Expiration Date: April 4, 2026

Estimated time to complete activity: 1.0 hour CME (1.0 AMA PRA Category 1 Credit)

Location: Please visit <https://illinoisadvance.uic.edu/web-based-cme/> to participate in this activity.

Continuing Medical Education Statement:

The University of Illinois College of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Illinois College of Medicine designates this Enduring Material CME activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

How to Earn Credit:

Participants must complete the activity as described above in the Continuing Medical Education Statement by reading the learning objectives and faculty disclosures; participating in the entire knowledge-based activity consisting of a reading of the monograph, completion of the post-test, activity evaluation, and estimating duration of time spent on the

activity. A certificate of completion will be issued after all requirements as described are completed.
